

ON THE DRY SIDE

CENTRAL COAST CACTUS & SUCCULENT SOCIETY

JUNE 2017

TOPIC OF THE MONTH: CACTI AND SUCCULENTS 101

In anticipation that we'll be having a lot of newcomers attending this month, our meeting will be in a workshop format covering Cactus and Succulents 101. CCCSS Vice President Kathie Matsuyama will briefly discuss basic succulent care. Kathie will be followed in an open forum by former CCCSS President Gene Schroeder and previous CCCSS Vice President Markus Mumper who will answer questions regarding your cactus and succulent plants.

Do you have questions about the basic growing conditions needed for succulents? What light, water, soil or unusual care does your individual plant require? Our experts will do their best to answer your specific questions about in-the-ground plantings or container gardening.

Please come prepared with your questions, and don't be shy! Gene, Markus and Kathie hope you will enjoy the opportunity to ask our knowledgeable club members your burning cactus and succulent questions. Speakers will be bringing plants for sale to the meeting.

Our Next Meeting Is Sunday, June 11, 2017
Oddfellows Hall, 520 Dana St (Off Nipomo), San Luis Obispo

Don't miss it!

SOME THANK-YOU'S

THE RECENT CCCSS ANNUAL SHOW & SALE:

From Ken Byrne, outgoing President:

“GREAT SHOW!” “WONDERFUL SALE!”

So many people said those sorts of things at our CCCSS Show and Sale on Memorial Day weekend, 2017. YOU Members outdid yourselves with beautiful Succulent entries—many multi-year visitors told me it was the BEST EVER! And while we are looking for the next wave of large-quantity cactus specialists to fill up that room, the overall display showed quality and was admired by the public again this year. Many collections, all the dish gardens; two educational displays, and two tables full of C&S art-work rounded out the entries—there was something for everyone!

ALL THANKS go to our 2017 Show & Sale committee members and our **MANY WONDERFUL VOLUNTEER STAFF** again this year. Planning, organization, and volunteer assistance made it a success. It wouldn't happen without you!

So...THANK YOU, ONE and ALL !!!

From Pat Gilson, Volunteer Organizer:

To all of the Show & Sale volunteers: Thank you for all of your time and hard work! Now we can all breathe a sigh of relief until next year.

Thank you again!

THE CALIFORNIA GARDEN CLUBS, INC. ANNUAL STATEWIDE CONVENTION

Also from Ken Byrne:

The California Garden Clubs, Inc. Annual Statewide Convention was in SLO last week at the Embassy Suites...CCCSS is a Member-Club. It started just two days after our Show & Sale, and because CCCSS is a Member-Club of CGCI (we are in their Montana de Oro District (MdO) – the HOST District to this Convention) several CCCSS members assisted me working the registration desk for 12 shifts on Tuesday and Wednesday: **I thank Jann Masilun, Linda Hicks, Susan Chandler, Terry Skillin, Ann Byrne, Leisa Deick, and Linda Swanson.** Additional Reg-Desk help (18 total shifts) was given by members of other MdO-Dist. Garden Clubs: principally the Cayucos, Los Osos, Multi-Flora (Paso Robles), and probably other clubs' members, too! **A BIG THANK YOU to ALL CCCSS helpers...especially so shortly after working OUR Show & Sale!!**

In conjunction to their Convention, CGCI hosted a Floral Exhibition at SLO's historic JACK-HOUSE on Marsh St., Wednesday through Friday evening. CCCSS members exhibited four Succulent displays, among the 24 total floral displays: Kathie Matsuyama, Maggie Wagner, Ann Byrne, and Barbara Brooks. Barbara Brooks won PEOPLE'S CHOICE AWARD (voted on by Wednesday viewers) with her unique (my words) “Succulent Women's Dress and Cape”, which had been in our show that prior weekend, so you may have seen it. The public loved it. **Congratulations, Barbara!**

CCCSS: LAST MEETING RECAP

President Ken Byrne brought the general membership meeting of the Central Coast Cactus & Succulent Society to order at 2:10 PM on Sunday – Mother's Day – May 14, 2017. Ken thanked the members who provided refreshments and welcomed about six first-time visitors. All received a succulent in thanks.

Announcements

- Member Bob Mulvaney passed away recently. Services are at 10 AM on June 2 at the Jack House in San Luis Obispo. A sympathy card was sent in the name of CCCSS.
- The 2017 T-shirts were on sale!
- S&S entry cards and categories were available at the back table.
- The most recent bus trip was wonderful.
- The next trip will be to the Inner-City show and sale at the Arboretum in mid-August.
- The Garden Gathering at Mary and Harry Harlow's garden was canceled due to rain (!) and will be rescheduled.
- The next Garden Gathering is at Linda Drake's garden on Sunday, June 25, in San Luis Obispo.
- To enter plants in the S&S live auction, contact Bill Findley.
- A hypertufa class is scheduled for June 17.
- PLEASE PROVIDE THE PRESIDENT WITH ANNOUNCEMENTS PRIOR TO THE BEGINNING OF THE MEETING.

Past-president Charles Varni announced the slate of candidates for the coming fiscal year. This is a volunteer organization, and we are constantly looking for more volunteers to help run our club. After elections, Charles will relinquish his post as past-president to Ken Byrne. There were no nominations from the floor and the slate of officers was elected by acclamation. The elected officers and members of the executive committee are as follows:

President: Loring Manley

Vice-President: Carol Mortensen

Secretary: Carol Harlow Moss

Treasurer: Kathy Goss

Newsletter Editor: Mark Woods

Members-at-Large: Terry Skillin, Natasha Erickson and Bill Findley

Hospitality: Pat Gilson

Publicity: Wayne Mills

... and **Past-President:** Ken Byrne.

Our parent organization, the Cactus and Succulent Society of America, has asked CCCSS to host their biennial convention in 2019 at dates to be determined. If accepted, the entire membership will be committed to a project that will span multiple years and executive boards, and will require a considerable number of volunteers and hours to accomplish. Multiple committees will be formed that will meet monthly for approximately 18 months. A previous vote indicated that about 40 members said they would volunteer to work on this project. It will undoubtedly take more volunteers than that. CSSA will make the ultimate decision on where the 2019 convention will be held. CCCSS is either the largest, or second-largest club in California. An issue affecting location is the lack of direct flights into San Luis Obispo. Members who work many hours (not a fixed number, but the last one required 14 hours) will be admitted to a lecture. Wayne Mills pointed out that our reward will be the self-esteem that we did it. Some money can be made for us from the sale of t-shirts and related items. A motion was made and seconded that would authorize CCCSS to make a proposal to CSSA to host the biennial convention in 2019. There were 87 people in attendance at the meeting. Approximately 37 members voted in favor of hosting the convention, and 17 were against it. The remainder of attendees abstained. Therefore, the motion passed.

CCCSS: LAST MEETING RECAP (continued)

Show and Sale Announcements

- The S&S will include a no-host dinner at AJ Spurs on Saturday evening.
- Our website contains current information about the club and the S&S. Hit your “refresh” button if you get old information.
- CSSA will provide a special award for educational exhibits.
- Entered plants should not be watered for at least a week before the show, and tags should be removed.
- Bring boxes Friday night.
- Do not park in the Ludwick Center lot. Morgan Stanley across the street has given us permission to park in their lot.
- Plants should be brought to the Ludwick Center on Friday between 2 and 6 PM.
- There will be a pre-sale for VOLUNTEERS AND EXHIBITORS between 7 and 8 PM. Plants must be paid for and removed Friday evening. The judges’ clerks will be allowed to shop earlier.
- Forty-five Rookies entered plants last year. Rookies are exhibitors who are entering plants in a show for the first time.
- Rob Skillin has entry forms and schedules for the CSSA show at The Huntington June 30 – July 2, along with free passes.

Plant-of-the-Month displays featured staged show plants. Terry Excel and Tim Dawson brought in Brag plants. Don’t forget that people who bring plants for the Brag and POM tables receive a free raffle ticket. Raffle plants were discussed, and the meeting took a break.

Following the break, Kathie Matsuyama introduced our featured speaker, Karen Osler, who gave a PowerPoint presentation, followed by a demonstration on how to stage a plant for a show. Karen made the following comments (among others):

- Remember that entering plants in a show is like going to a party where you probably wouldn’t wear cutoffs and flip-flops (really?)...make sure your plants look their very best, including the pot and staging.
- Some clubs have the following standards for judging: Primary consideration is staging, at 25 percent. In CSSA shows, the standard for staging is 15 – 20 percent. Secondary is presentation, with the balance going to the quality of the plant itself.
- Clean your tools with alcohol so you don’t spread problems; Wear gloves.
- Make sure your pots are clean, especially plastic pots. Spruce up plastic pots with mineral oil. Clay pots should not have mineral buildup on them.
- Judges don’t want to see ceramic frogs or pink rocks!
- Choose pots that complement the color and/or shape of the plant.
- Put your plant in the middle of a square or round pot. Oblong, rectangular, or odd-shaped pots should place the plant off to the side.
- Spacing: your thumb should fit between the plant and the inner edge of the pot. Top dressing should be added up to the top rim.
- Rocks should match the top dressing. Big pots/plants are more attractive with bigger top dressing, while smaller pots and plants require more delicate top dressing.
- Don’t put rocks around the entire plant, or use non-matching rocks. Use rocks in odd numbers: 1, 3, etc.
- Water from the side, on a rock that extends to the bottom of the pot.
- When repotting, check the roots by removing all old soil.
- Chopsticks are handy for supporting the bare-root plant as you decide how to place it.
- Face the plant in the pot to look at the judge. Tilt it forward.
- A bonsai book can have helpful hints for staging plants.

CCCSS: LAST MEETING RECAP (continued)

Following the video presentation, Karen did a hands-on demonstration of staging a plant.

- Wear gloves.
- Don't lay rocks on the top of the soil, but bury them about one-third. Your goal is to mimic plants in situ.
- Use azalea fertilizer (acidic) at 1/16 the recommended strength.
- To keep plants small, re-pot in 2 years – shave out one-half inch of the roots all around and then put back in the same pot. For more growth, transplant into a larger pot.
- Don't water or use pesticides before the show.
- Make sure your plants are free of diseases/insects.

Following Karen's most useful presentation, the raffles were held, the meeting adjourned, the room was cleaned and the Plant Exchange was held. The Board of Directors meeting followed.

Respectfully submitted,
Carol Harlow Moss, Secretary

CCCSS ANNUAL MEMBERSHIP DRIVE STARTS NOW!

Please renew
your CCCSS club
membership today!

From Barbara Brooks, Your CCCSS Membership Chairperson:

On behalf of our CCCSS Board of Directors, I'd like to personally thank you for your continued loyalty to our wonderful club! We appreciate your membership since your support allows us to continue all our fun and educational activities in addition to our monthly meetings. This past year, our members have enjoyed field trips to Lotus Land, attended workshops such as Bonsai design and creating Hypertufa planters, and toured member's succulent gardens. This year's events include a field trip to the Inter-City Show and Sale at the LA Arboretum, a succulent pumpkin workshop, and more garden tours—just to name a few. So please renew your annual membership today—it's easy! See Barbara Brooks at the membership table at the monthly meetings or mail your annual dues. New members are always welcome. We couldn't have our club without your support.

Thank you!

CCCSS LOGO WINDOW DECALS

Free CCCSS vinyl window decals will be available at the June meeting for this year's **Show and Sale volunteers**. See Loring Manley.

Thank you to Gwyneth Manley for making the decals!

GARDEN GATHERINGS

What are the “Garden Gatherings” all about?

Our club (CCCSS) has grown very large and it is sometimes a challenge to connect with other cactophiles at the monthly meetings. The “Garden Gatherings” are an opportunity for members to get to know others in the club in a casual garden setting. These gatherings sometimes will have food, displays, demonstrations, and of course tours of the various member gardens. This is bi-monthly, or maybe monthly, if the demand increases and we have garden hosts to share their gardens.

All participants must be members of the club. A sign-up sheet will be available at the monthly club meetings. The host determines the appropriate number of guests and if we have too many sign-ups the participants will be chosen via lottery and notified by email. Please indicate when signing up if you are a couple who would like to attend together (don't want to split people up).

The hosts will be guided through the process of setting up the event, and Kathie and/or Bill will be at the gathering to help with the details as well as meet prior to the event. If you are hosting, your garden does not have to be picture perfect—it may have a few weeds (we all have them) and an area of the garden that is not cacti or succulent-related. The only thing you must have is a desire to share what you do in your garden and willingness to host.

Contact Bill Findley at coolcactuskid805@gmail.com, or Kathie Matsuyama at luvbigdogs@earthlink.com if you have any questions or would like to open your home to an event.

We are taking sign-ups for the next exciting Garden Gathering! It will be hosted by Linda Drake in San Luis Obispo, on Sunday June 25th. Two different time slots (10am and noon) will accommodate more people in this amazing small garden. The sign-up sheet will be at the June meeting.

RECENT LOTUS LAND VOLUNTEER TRIP

Some photos from our volunteer reward bus trip to Lotus Land on April 27, 2017. Thanks to all our 2016 Show & Sale volunteers!

Our 2017 Show & Sale volunteer reward bus trip will be to the Inter-City Cactus Show and Sale at the LA County Arboretum on August 12, 2017. More details below!

NEXT VOLUNTEER APPRECIATION TRIP

Volunteer Appreciation trip for the 2017 Show & Sale will be a bus trip to the Los Angeles Show and Sale at the Arboretum in Arcadia. There will be a sign-up sheet at the June meeting for those interested. This trip is a first come/first serve basis.

Saturday, August 12, 2017

LA Inter City Show and Sale, Los Angeles Arboretum

Tentative schedule:

Departing Madonna Plaza, SLO, at 6:15am (Pismo outlets at 6:35am); Arrive at the Arboretum at 9:30am; Returning departure at 3:45pm, arrive at Madonna Plaza at 7:00pm (Pismo Outlets 20 minutes earlier).

A \$10.00 non-refundable deposit is necessary at the time you sign-up.

****Terry Skillin needs someone to man the sign-up table at the June meeting as she will be away at her two daughters' Graduation celebrations. Please call if you can help: 805.473.0788.**

BOOKS FOR SALE

Your purchase of any of the following books supports our ability to buy other books for our CCCSS library. Thank You! The following books (some in very limited quantities) are available for purchase (Cash or Checks, no credit cards) at the June meeting. All prices include tax.

Aloes & Agaves In Cultivation By Jeff Moore

Jeff Moore's second book was released in June, 2016. Jeff takes you on a visual tour of aloes and agaves in cultivation, highlighting both the common and some of the more rare specimens, with pertinent information and growing tips gleaned from years of experience. Hundreds and hundreds of color photos (almost 1,000), with some of the best information on culture, care, history of these wonderful plants. A huge book! 335 pages, 10" x 10", softbound.

ONLY FIVE COPIES LEFT!! Reasonably priced at \$40.00

Succulents for the Garden by Attila Kapitany and Rudolf Schulz

The authors show amateur gardeners what type of succulents can be used in the most amazing different types of garden environments. Areas covered are: seaside gardens, hillside country farmlets, arid inland gardens, hillside country gardens city courtyards, suburban nature strips, nature's garden and more. Recommended plantings of different species are given, giving flower color, shade tolerance, pot suitability, indoor, plus outdoor planting in warmer climates, height, spread, more. Echeverias, sedums, crassulas, senecios, yuccas, aloes and many more are detailed. 189 color photos, 95 pages, 7-1/4" x 9-3/4", softbound, w/heavy color cover. **This book is out of print and will not be reprinted. ONLY FOUR COPIES LEFT!! Price is \$26.00**

Under the Spell of Succulents by Jeff Moore

A brand new book with exquisite color photos -- covering the full spectrum of cultivated succulents and how we engage with them—collectors, growers, landscapers, container gardening and more! Over 800 color photos, 230 pages, 8" x 10", softbound with a glossy color cover. A beautiful book at an extremely affordable price.

ONLY 5 COPIES LEFT!! Price is \$32.00

Succulent Success in the Garden by Attila Kapitany and Rudolf Schulz

Authors show how succulents can be used in the most amazing ways in garden environments: seaside gardens, hillside country, farmlets, and inland gardens, plus city courtyards, suburban nature strips and more. Recommended plantings of different species are given, showing flower color, shade tolerance, pot suitability, indoor/outdoor situations, and height, spread, more. Echeverias, sedums, crassulas, senecios, yuccas, aloes and many more are detailed and described. 303 color photos, 103 pages, 7-1/4" x 9-3/4", softbound w/heavy color cover.

This book is out of print and will not be reprinted. Price is \$26.00

PENNY PINES REFORESTATION PROJECT

CCCSS DONATES \$952 TO SUPPORT US NATIONAL FOREST REFORESTATION PROGRAM!!!

The Central Coast Cactus and Succulent Society has donated \$952 to support the US National Forest "Penny Pines Reforestation Project". Our club's Penny Pines donations support our local Los Padres National Forest where more than 175,000 acres burned in horrific fires in 2016. We received this letter from the US Forest Service dated May 31, 2017:

Dear Central Coast Cactus and Succulent Society:

Thank you for your donation. As you know, the Penny Pines/ Plant-A-Tree program supports our efforts by augmenting allocations for ecological restoration in damaged areas caused by catastrophic wildfires, which occurred over the last few years. These fires generated an unprecedented amount of reforestation, especially within the Day and Zaca fire areas. Since the spring of 2012, we have planted an estimated 800,000 trees. We plan to double this number over the next decade. These restoration efforts will provide wildlife habitat, watershed protection, and soil stabilization.

Thank you for your interest in the Los Padres National Forest.

*Peggy Hernandez
Forest Supervisor*

Our contributions in increments of \$68 (the amount requested by the National Forest) will support the cost of planting an acre of seedlings. But we need your help! Please donate to our Penny Pines collection jar located at the membership table every month. Your spare change, literally pennies, nickels and dimes (or a dollar or two or five!); will help us restore another fire scorched acre in the Los Padres National Forest.

Where does the \$68.00 per acre go? It goes to:

- Prepare sites for new trees or planting seedlings.
- Grow seedlings from local seeds and acorns; which are replanted near collection sites.
- Maintain existing trees, improve wildlife habitat, or replant burned forests.
- Provide watershed protection, soil stabilization and recreational area shade.

Thank you for your support of the United States National Forest Penny Pines Reforestation Program. Let's make 2017 an even more generous year! Please help us reach a goal of \$1,000!

BOARD OF DIRECTORS MEETING

The Board of Directors meeting began at 5:30 PM on Sunday, May 14, 2017, with the following officers in attendance: Ken Byrne, President; Pat Gilson, Hospitality; Kathie Matsuyama, Vice President; Wayne Mills, Publicity; Carol Moss, Secretary; and Maggie Wagner, Treasurer. Officers not present: Terry Skillin, MAL; Erin Stratton, Newsletter Editor; David Westberg, MAL; and Charles Varni, Past President. Appointed positions present: Barbara Brooks, Membership and Rob Skillin, CSSA Representative. Also in attendance: Natasha Erickson, Bill Findley, Kathy Goss, Terry Leivers, Loring Manley, Markus Mumper, and Claudette Rettig.

- Maggie gave the Treasurer's report. \$700 in t-shirts were sold at today's meeting.
- Membership reported four renewals and one new member.
- The proposed audit was discussed. It was reported that an official audit would cost a minimum of \$10,000. Kathy Goss, incoming Treasurer, is OK with assuming the position without an audit.
- Insurance for the board of directors was discussed, with an estimated cost of \$900 per year. CGCI insurance will be discussed at the July board meeting.
- The new board members will be introduced at the June meeting and will begin their duties on July 1.
- With the approval of the membership, Ken Byrne will advise CSSA of the club's willingness to host the 2019 convention.
- Ken and Ann Byrne and Maggie Wagner and Markus Mumper will attend the CSSA convention this year in Tempe, Arizona.
- It was decided that we do not need to pay for an ad in New Times.
- People who sign up for bus trips but cancel will not be reimbursed.
- The window stickers provided by Loring Manley's daughter were discussed as a possible incentive.
- Gene Schroeder has volunteered to be our "Ask Me" expert.
- Kathie is working on the club history project.
- Ken has found a wireless microphone setup and will rent it for a try-out. He and Barbara are coordinating on this. Cost is about \$1,200 to purchase, and can be rented for about \$130 a day.
- Workshops were discussed. A hypertufa class is scheduled for June 17, and Barbara is planning a pumpkin workshop in September.
- Ann Byrne will fill in for Carol Moss at the July meeting.
- Rob Skillin suggested spending profits on books to purchase more books. Rob found a source for books that are out-of-print. Upon motion duly made and seconded, Rob Skillin was authorized to purchase some of these books. A committee was formed to research the purchase of additional books, consisting of Ann Byrne, Gene Schroeder and Kathie Matsuyama, and Rob will also make suggestions. The BOD will be notified by email of potential purchases; the committee was given discretion on matters that need immediate attention.
- Rob suggested that an inventory be prepared of all club property, noting who is responsible for each item.

The meeting adjourned at 6:50 PM.

Respectfully submitted,
Carol Harlow Moss, Secretary
